Subsection Heading

- Some text `monospace font`
- In bullet points
- *Italics*
- **Bold**

Subsubsection with Latex

$E = mc^2$

```
# A code chunk
1 + 1
```

```
## [1] 2
```

You can also make code chunks inline like this: $2+2 = 4$.

```r
# You can adjust how the code chunks behave with chunk options.
# See https://yihui.org/knitr/options/ for more information
library(tidyverse)
library(here)
df <- read_tsv(here('lab1/thescience.tsv'))
df %>% ggplot(aes(x=x1)) + geom_histogram()
```
